

TO MEDIA ARTS GALLERY

Luke Mosely (Digital Imaging)

'MEDIA ARTS' brings together a wide range of Contemporary Art Forms. Two Media Arts Teachers (Mark Wylderness and Peter Harris) who work with teenage artists from across Australia, are based in Byron Bay, at Cape Byron Rudolf Steiner High School.

'The Piano' - Jonathan Baldwin (Darkroom)

Their online gallery demonstrates some of the themes that young artists explore as they document the 'rite of passage' through their teenage years. The gallery is full of stunning examples of the work of their teenage students.

'FrameBreak' - Pani Paul (Self Portrait - Digital Imaging)

If you wish to have a glimpse into the teenagers mind, you must explore this truly amazing gallery.
